

January 8, 2021 Update (#255)

To: Board Members & Residents

From: Charles H. Greenthal Management Corp.

Re: *Vaccine Appointments Available for Phase 1A Eligible New Yorkers*

NYC is in Phase 1A of the COVID-19 vaccine distribution with the vaccine being provided to healthcare workers and staff with direct patient contact, emergency responders, staff at COVID-19 testing and vaccination locations, home health aides, and long-term care staff and residents, among others. If you are eligible, you can make an appointment now to get your vaccine. All appointments MUST be made in advance.

To make an appointment, please visit nyc.gov/vaccinelocations.

As of January 4, 2021, **eligible** New Yorkers can get the COVID-19 vaccine at sites located throughout the city (see list of facilities distributing the vaccine, by borough, below). If you are currently not eligible for vaccination, do not sign up for an appointment at this time.

Bronx

Before Your Appointment

You will need to complete the [NYS COVID-19 Vaccine Form](#) (PDF) in order to get vaccinated. NYS requires the provider administering the vaccine to check that you completed the form.

In addition, you will need to bring proof of employment, such as an employee ID card, a letter from your employer or affiliated organization, or a recent pay stub.

Before you visit a site for your vaccination, keep in mind the following tips:

- Reschedule your appointment if you are not feeling well on the day of your appointment.
- Wear a face covering to your appointment. You will not be admitted to the site without one.

Eligibility

The following groups are now eligible for vaccine:

Health Care Workers

- High-risk health care workers in hospitals and Federally Qualified Health Centers (FQHCs), including NYS Office of Mental Health (OMH) psychiatric centers
- High-risk health care workers who provide direct in-person care in outpatient/ambulatory settings and other staff in these settings who have direct contact with patients (such as reception staff); this group includes workers in private or hospital-affiliated medical practices, specialty medical practices, public health clinics, dental practices and diagnostic and treatment centers; phlebotomists; dialysis workers; occupational therapists; physical therapists; speech therapists; behavioral health workers; and student health workers
- Emergency medical services (EMS) personnel
- Urgent care providers
- Health care workers administering COVID-19 vaccines
- Health care workers in COVID-19 testing sites
- Home care workers and aides, hospice workers, personal care aides, and consumer-directed personal care workers.

Residents and Staff in Certain Group Living Facilities

- Long-term care facilities, including nursing homes, skilled nursing facilities, adult care facilities
- Long-term group living facilities run by NYS OMH, Office People with Developmental Disabilities, and Office of Addiction Services and Supports

Other Eligible Groups

- Medical examiners and coroners
- Funeral workers who have direct contact with infectious material and bodily fluids
- Frontline, high-risk public health workers who have direct contact with patients or handle COVID-19 specimens or vaccinations

More groups will become eligible in the coming weeks.

- [Planned COVID-19 Vaccine Distribution in New York City](#)

Management will continue to monitor this and other city/state/federal sites for new guidelines and will provide updates as new information becomes available.
